Dieses Produkt enthält eine Lichtquelle der Energieeffizienzklasse F.

Die Lichtquelle dieser Leuchte ist nicht austauschbar; erreicht die Lichtquelle das Ende ihrer Lebensdauer, so ist die gesamte Leuchte zu ersetzen.

This product contains a light source of energy efficiency class F.

The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.

Die Leuchte muss durch eine qualifizierte Person gemäß den nationalen Vorschriften installiert werden.

The luminaire shall only be installed by a qualified technician in accordance with national rules.

Au cours du processus de fabrication, la source lumineuse est fixée au luminaire dans un environnement de production exigeant, avec des outils propriétaires, pour garantir la sécurité des utilisateurs et la conformité aux exigences de sécurité. Elle est donc non-remplaçable sans altération du produit et des règles de sécurité en vigueur.

During the manufacturing process, the light source has been fixed to the lighting product in a demanding production environment, with dedicated industrial tools, to ensure the user's safety and the compliance to safety requirements. The light source is non-replaceable without altering the lighting product and the current safety rules.
